INDEX TO VOLUME 43

PAGE

Abscess, aspiratory, of lung, pathogenesis of; its possible relation to abscess of lung following tonsillectomy..... 767
Acromegaly, insulin in acromegalic diabetes 785
Adrenals: See Suprarenals
Albuminuria, in mechanism of detoxification 139
Alkalosis, chloride metabolism and, in alkali treatment of peptic ulcer..... 615
occurring in anemia (probably pernicious); report and comment on case... 504
Allergy, rôle of, in tuberculosis..... 691
Alt, H. L.: Metabolism in pernicious anemia 488
Andrews, A.: Albuminuria in mechanism of detoxification..... 139
Anemia, pernicious, metabolism in..... 488
(probably pernicious), alkalosis occurring in; report and comment on case..... 504
Aneurysm, of coronary arteries..... 1
Angina, agranulocytic, identity of so-called 533
Aorta, coarctation of; case of adult type in child 6 months of age..... 420
Arrhythmia, allied, auricular fibrillation and, pathologic changes in..... 808
auricular fibrillation; results of 7 years experience with quinidine sulphate therapy (1921 to 1928)..... 633
Arteries, coronary, aneurysm of..... 1
Arthritis, chronic infectious, bacteriology of blood and joints in 571
Asthma, associated with colds; preventive treatment with vaccines..... 429
Auricular Fibrillation: See Arrhythmia

Bachmann, H. A.: Clinical types of edema in heart failure of childhood..... 795
Bacteria, cultural and serologic reactions with green producing micrococci from measles 274
Bargen, J. A.: Perforations of colon in chronic ulcerative colitis..... 483
Specific serum treatment in chronic ulcerative colitis..... 50
Biliary Tract, humoroneural regulation of gastric, pancreatic and biliary secretions 446
Blood, and joints, bacteriology of, in chronic infectious arthritis..... 571
cutaneous and venous, sugar curves, in benign glycosuria and in diabetes..... 633
lipids, character of, in hepatic disorders including migraine..... 715
normal determinations of, in the South.. 96
plasma, cholesterol content of, in juvenile diabetes; a statistical study..... 372
plasma, cholesterol content of, in diabetes mellitus; statistical study based on 2,000 observations in 385 cases..... 363

Blood—Continued PAGE
pressure, gallop rhythm in hypertension 166
pressure, variability of; morning and evening studies..... 835
sugar, reducing power of filtrates from blood of rabbits..... 393
white cells, normal rhythm of, in women 68

Book Reviews:

A History of Pathology; E. R. Long..... 731
A Textbook of Actinotherapy; D. D. Rosenwarne 144
A Text-Book of Infectious Diseases; Goodall and Washbourn..... 145
Asthma: Its Diagnosis and Treatment; W. S. Thomas..... 570
Bidrag Til Studiet af Asthma Saerlig hos børn; K. Baagoe..... 146
Book of Diets of the McGuire Clinic and St. Luke's Hospital, Department of Dietetics, Richmond, Va. Pp. 50. 1928 570
Bronchial Asthma—Its Diagnosis and Treatment; H. L. Alexander..... 892
Clinical Aspects of the Electrocardiograph; H. E. B. Pardee..... 891
Clinical Medicine; O. W. Rethea..... 428
Clinical Studies on Infections of the Urinary Passages in Children (Danish); A. Johannessen..... 145
Contributory to the Study of Asthma Especially in Children (Danish); K. Baagoe 146
Criteria for the Classification and Diagnosis of Heart Disease; J. H. Bainton, W. C. Munly, R. L. Levy and H. E. B. Pardee 426
Cushny's Pharmacology and Therapeutics; C. W. Edmunds..... 297
Diseases of Gall Bladder and Bile Ducts; E. A. Graham..... 568
Epilepsy; W. G. Lennox..... 297
Fungi and Fungous Diseases; A. Castellani 569
Kliniske Studien Over Urinvejsinfektioner hos børn; A. Johannessen..... 146
Laboratory Diagnosis and Experimental Methods in Tuberculosis; H. S. Willis 426
Laboratory Manual of the Massachusetts General Hospital; R. R. Wheeler and F. T. Hunter..... 570
Lehrbuch der Blutkrankheiten für Ärzte und Studierende; H. Hirschfeld..... 425
Medicine Monographs, Volume XIV: Epilepsy; W. G. Lennox..... 295
Métabolisme cellulaire et Métabolisme des Tumeurs; O. Warburg..... 297
Modern Medicine: Its Theory and Practice. Volume VI: Diseases of the Nervous Systems, and Diseases and Abnormalities of the Mind; W. Osler 296

Book Reviews—Continued PAGE
Monographien aus dem Gesamtgebiet der Physiologie der Pflanzen und der Tiere; M. Gildemeister, R. Goldschmidt, C. Neuberg, J. Parnas, W. Ruhland..... 732
Nurses, Patients and Pocketbooks. A Report of the Study of the Economics of Nursing, Conducted by the Committee on the Grading of Nursing Schools; M. A. Burgess, Directress..... 144
Praktische Differential diagnostik. Band 1, Teil 4, Erkrankungen der verdauungsorgane; L. R. Grote..... 732
Psychoneurosen Funktionelle Neurosen Erschöpfungszustände; W. Unger..... 146
Réné Théophile Hyacinthe Laenec: A Memoir 732
Special Cytology; Edited by E. V. Cowdry 145
Syphilis, a Treatise on Etiology, Pathology, Symptomatology, Diagnosis, Prophylaxis and Treatment; H. H. Hazen 296
Systemic Infections. Their Diagnosis and Treatment; A. K. Gordon..... 146
The Duodenum: Medical, Radiologic and Surgical Studies; P. Duval, J. C. Raux and H. Beclere..... 427
The Examination of Patients; N. B. Foster 298
The Fuel of Life: Experimental Studies in Normal and Diabetic Animals; J. J. R. Macleod..... 890
The Opium Problem; C. E. Terry and M. Pellens 427
Thyroxine; E. C. Kendall..... 891
Trabajos y Publicaciones de la Clinica; P. Escudero..... 569
Ueber das Problem der Bösartigen Geschwülste-eine experimentelle und theoretische Untersuchung; L. Heidenhain 295
What you should know about Heart Disease; H. E. B. Pardee..... 891
Brams, W. A.: Effect of digitalis on the electrocardiogram; an experimental study on dogs and cats..... 676
Bray, H. A.: Excursion of costal margins in health and in disease..... 187
Cancer, bronchogenic squamous cell; report of case associated with pleural effusion and pulmonary osteo-arthropathy, with features that simulated infection by endameba histolytica 516

Cecil, R. L.: Bacteriology of blood and joints in chronic infectious arthritis... 571
Chloride, metabolism and alkalosis in alkali treatment of peptic ulcer..... 614
Cholesterol, content of blood plasma in diabetes mellitus, statistical study based on 2,000 observations in 385 cases... 363
content, of blood plasma in juvenile diabetes; a statistical study..... 372
Colds: See Respiratory Tract
Colitis, ulcerative, perforations of colon in chronic..... 483
ulcerative, specific serum treatment in.. 50

PAGE
Collins, L. H., Jr.: Chronic pulmonary infection due to the Friedländer bacillus; a clinical and roentgenologic study 351

Davis, J. S., Jr.: Alkalosis occurring in anemia (probably pernicious); report and comment on case..... 504
Dextrose, tolerance, cutaneous and venous blood sugar curves in benign glycosuria and in diabetes..... 633
Diabetes, acromegalic, insulin in..... 785
mellitus, cholesterol content of blood plasma in; statistical study based on 2,000 observations in 385 cases..... 363
mellitus, cutaneous and venous blood sugar curves in benign glycosuria and in 633
mellitus, effect of synthalin on respiratory quotient of the diabetic patient... 384
mellitus, juvenile, cholesterol content of blood plasma in..... 372
mellitus, study of 147 autopsies..... 377
Diaphragm, relation of hiatus esophageus of, to stomach..... 61
Diazo Reaction, Andrewes, in nephritis... 472
Diehl, H. S.: The variability of blood pressure; morning and evening studies... 835
Digitalis, effect of, on the electrocardiogram; an experimental study on dogs and cats 676

Eastland, J. S.: The Andrewes Diazo reaction in nephritis..... 472
Edema, clinical types of, in heart failure in childhood..... 795
Electrocardiogram, effect of digitalis on; an experimental study on dogs and cats.. 676
human, changes in T wave of, following iodine medication and thyroidectomy.. 35
the discordant 549
ventricular, an experimental study..... 335
Emery, E. S., Jr.: Peptic ulcer; a study of 556 cases 846
Endameba: See Entameba
Entameba, histolytica, bronchobenic squamous cell carcinoma associated with pleural effusion and pulmonary osteo-arthropathy with features that simulated infection by..... 516
Esler, J. W.: Clinical significance of premature beats with particular reference to heart rate..... 606

Fat, metabolism, studies in; character of blood lipids in hepatic disorders including migraine 715
Ferry, N. S.: Cultural and serologic reactions with green producing micrococci from measles 274
Friedenson, M.: Cutaneous and venous blood sugar curves in benign glycosuria and in diabetes 633
Friedlander Bacillus: See Pneumonia
Frissell, L. F.: Alkalosis occurring in anemia (probably pernicious); report and comment on case..... 504

PAGE

Gallbladder, can it empty through duodenal biliary drainage?; is it the source of "B" bile?... 147
experimental bile peritonitis and its treatment in dog... 114
Gibb, W. F., Jr.: Diabetes mellitus, study of 147 autopsies... 376
Glycosuria: See Dextrose, tolerance
Goldberg, S. E.: Ochronosis; report of case of carbolochronosis... 196
Gunther, L.: Radicular syndrome in hypertrophic osteo-arthritis of spine; an analysis of 30 cases... 212

Hamburger, W. W.: Heart in thyroid disease; changes in T wave of human electrocardiogram following iodine medication and thyroidectomy... 35
Harkavy, J.: Pathogenesis of aspiratory abscess of lung; its possible relation to abscess of lung following tonsillectomy... 767
Heart: See also Arrhythmia
block, experimental... 184
cardiovascular problem in pneumonia... 249
effect of roentgen rays on; microscopic changes in heart muscle of rats and of rabbits following a series of exposures 15
failure, of childhood, clinical types of edema in... 795
gallop rhythm in hypertension... 166
impaired auriculoventricular conduction in rheumatic fever... 267
in thyroid disease; changes in T wave of human electrocardiogram following iodine medication and thyroidectomy.. 35
premature beats, clinical significance of, with particular reference to heart rate 606
Horrall, O. H.: Experimental bile peritonitis and its treatment in the dog... 114
Houser, K. M.: Identity of so-called agranulocytic angina; report of case... 533
Howard, H. C.: Heart in thyroid disease: changes in T wave of human electrocardiogram following iodine medication and thyroidectomy... 35
Huntsinger, M. E.: Studies in fat metabolism; the character of blood lipids in hepatic disorders including migraine.. 715
Hyperbilirubinemia: See Jaundice
Hypertension: See Blood Pressure

Imazu, T.: Pancreatic function; pancreatic secretion in disturbed gastric secretion... 413
Insulin, in acromegalic diabetes... 785
Iodine, medication, changes in T wave of human electrocardiogram following thyroidectomy and... 35

Jacobs, M. F.: Perforations of colon in chronic ulcerative colitis... 483
Jaundice, hyperbilirubinemia in peptic ulcer 129

PAGE

Joannides, M.: Relation of hiatus esophageus of diaphragm to stomach; an important function of pillars of diaphragm... 61
Joints, and blood, bacteriology of, in chronic infectious arthritis... 571

Karr, W. G.: Effect of synthalin on respiratory quotient of the diabetic patient 384
Opium addiction; the blood of the human addict during administration of morphine... 684
Kerr, W. J.: Radicular syndrome in hypertrophic osteo-arthritis of spine; an analysis of 30 cases... 212
Kessler, H. H.: Some medicolegal aspects of occupational disease... 874
Koontz, A. R.: Mustard gas and tuberculosis; an experimental study... 90
Kornblum, K.: Chronic pulmonary infection due to the Friedlander bacillus; a clinical and roentgenologic study... 351
Kuramochi, K.: Pancreatic function; humoroneural regulation of gastric, pancreatic and biliary secretions... 446
Pancreatic function; pancreatic secretion in disturbed gastric secretion... 413

Lev, M. W.: Heart in thyroid disease; changes in T wave of human electrocardiogram following iodine medication and thyroidectomy... 35
Levy, R. L.: Impaired auriculoventricular conduction in rheumatic fever; a comparative study with diagnostic applications... 267
Light, A. B.: Opium addiction; circulation and respiration of human addicts during administration of morphine... 556
Opium addiction; conduct of the addict in relation to investigative study... 206
Opium addiction; miscellaneous observations on human addicts during the administration of morphine... 878
Opium addiction; physical characteristics and physical fitness of addicts during administration of morphine... 326
Opium addiction; the blood of the human addict during the administration of morphine... 684
Liver, hepatic disorders, including migraine, character of blood lipids in... 715
Logan, V. W.: Diabetes mellitus; study of 147 autopsies... 376
Lundy, C. J.: Experimental heart block.. 184
Lungs, abscess, aspiratory, pathogenesis of; its possible relation to abscess of lung following tonsillectomy... 767
bronchogenic squamous cell carcinoma associated with pleural effusion and pulmonary osteo-arthropathy, with features that simulated infection by endameba histolytica... 516
chronic pulmonary infection due to Friedlander bacillus; clinical and roentgenologic study... 351

PAGE

Lyon, B. B. V.: Can the gallbladder empty through duodenal biliary drainage? is the gallbladder the source of "B" bile?; cholecystographic study of biliary drainage 147

McClure, C. W.: Studies in fat metabolism; character of blood lipids in hepatic disorders including migraine.. 715
McDowell, A. M.: Normal rhythm of white blood cells in women..... 68
Martin, L.: Effect of parenteral injections of purified milk proteins on symptoms and progress..... 299
Matsubara, M.: Pancreatic function; pancreatic secretion in disturbed gastric secretion 413
Measles, cultural and serologic reactions with green producing micrococci from 274
Metabolism, in pernicious anemia..... 488
Micrococci: See Bacteria
Migraine, character of blood lipids in hepatic disorders including..... 715
Miller, M. W.: Normal blood determinations in the South..... 96
Mills, R. G.: Bronchogenic squamous cell carcinoma; report of case associated with pleural effusion and pulmonary osteo-arthropathy, with features that simulated infection by endameba histolytica 516
Mond, H.: Gallop rhythm in hypertension 166
Monroe, R. T.: Peptic ulcer; a study of 556 cases 846
Morphine, circulation and respiration of human addicts during administration of 556
miscellaneous observations on human addicts during administration of..... 878
physical characteristics and physical fitness of addicts during administration of 326
the blood of human addict during administration of..... 684
Mumey, N.: Bronchogenic squamous cell carcinoma; report of case associated with pleural effusion and pulmonary osteo-arthropathy, with features that simulated infection by endameba histolytica 516
Mustard Gas, tuberculosis and..... 90

Nachamie, I.: Coarctation of aorta: case of adult type in child 6 months of age 420
Nephritis, the Andrewes Diazo reaction in 472
Nicholls, E. E.: Bacteriology of blood and joints in chronic infectious arthritis.. 571
Nielson, J. M.: Clinical spirography; spirograms and their significance..... 132
Noble, A.: Cultural and serologic reactions with green producing micrococci from measles 274
Occupational Diseases, some medicolegal aspects of 874
Ochronosis, report of case of carbolochronosis 196

PAGE

Okada, S.: Pancreatic function; humoroneural regulation of gastric, pancreatic and biliary secretions..... 446
Pancreatic function; pancreatic secretion in disturbed gastric secretion..... 413
Ooinoue, T.: Pancreatic function; humoroneural regulation of gastric, pancreatic and biliary secretions..... 446
Opium, addiction, circulation and respiration of human addicts during administration of morphine..... 556
addiction; miscellaneous observations on human addicts during the administration of morphine..... 878
addiction, physical characteristics and physical fitness of addicts during administration of morphine..... 326
physical fitness of addics during administration of morphine..... 326
addiction, conduct of addict in relation to investigative study..... 206
addiction, the blood of the human addict during administration of morphine.... 684
Oppenheimer, E. T.: Gallop rhythm in hypertension 166
Ostearthritis, hypertrophic, of spine, radicular syndrome in..... 212
Osteo-Arthritis: See Ostearthritis
Otto, H. L.: The discordant electrocardiogram 549
The ventricular electrocardiogram; an experimental study 335

Packard, M.: Aneurysm of coronary arteries 1
Pancreas, function, pancreatic secretion in disturbed gastric secretion..... 413
humoroneural regulation of gastric, pancreatic and biliary secretions..... 446
Peptic Ulcer, chloride metabolism and alkalosis in alkali treatment of..... 615
effect of parenteral injections of purified milk proteins on symptoms and progress 299
hyperbilirubinemia in 129
study of 556 cases..... 846
Peritonitis, bile, experimental, and its treatment in dog..... 114
Peters, J. P.: Cutaneous and venous blood sugar curves in benign glycosuria and in diabetes..... 633
Petty, O. H.: Effect of synthalin on respiratory quotient of the diabetic patient 384
Phenobarbital, poisoning, fatal; report of case with toxicologic analysis..... 85
Pleura, bronchogenic squamous cell carcinoma associated with pleural effusion and pulmonary osteo-arthropathy with features that simulated infection by endameba histolytica..... 516
Pneumonia, cardiovascular problem in..... 249
Friedlander bacillus, chronic pulmonary infection due to..... 351

INDEX TO VOLUME 43

PAGE

Pohle, E. A.: Effect of roentgen rays on heart; microscopic changes in heart muscle of rats and rabbits following a series of exposures 15

Poisoning: See Phenobarbital

Priest, W. S.: Heart in thyroid disease; changes in T wave of human electrocardiogram following iodine medication and thyroidectomy 35

Rabinowitch, I. M.: Cholesterol content of blood plasma in diabetes mellitus statistical study based on 2,000 observations in 385 cases 363

Cholesterol content of blood plasma in juvenile plasma; a statistical study ... 372

Randolph, B. M.: Cardiovascular problem in pneumonia 249

Respiration, excursion of costal margins in health and in disease 187

Respiratory Tract, colds and asthma associated with colds; preventive treatment with vaccines 429

Rheumatic Fever, impaired auriculoventricular conduction in; comparative study with diagnostic applications 267

Rich, A. R.: Rôle of allergy in tuberculosis 691

Roentgen Rays, effect of, on heart; microscopic changes in heart muscle of rats and rabbits following a series of exposures 15

Rose, E.: Identity of so-called agranulocytic angina; report of case 533

Rosenbaum, M. K.: Cutaneous and venous blood sugar curves in benign glycosuria and in diabetes 633

Roth, P.: Clinical spirography; spirograms and their significance 132
